Subject: RE: FPT IGR meeting on Emergencies Act

Hi Brandy, I am in the middle of meeting and was about to ask you about the deadline.

The Order in Council (https://orders-in-council.canada.ca/attachment.php?attach=41560&lang=en) is too vague to have much of an opinion at this time. There is an expectation that the Feds will eventually share the details of their intent, whether publicly or before Parliament. At the very least, we may want to ascertain if there are any plans to leverage the tools available under the Act in Alberta. In particular, based on the PM's announcement yesterday, we could expect that some Albertans may be subject to some repercussions regarding licencing, insurance availability, and crowdfunding. Beyond that, would the Feds be responsive to a Request for Assistance (RFA) from P/Ts? IGR needs to know that we have yet to receive a formal reply to our latest RFA.

I hope this helps, Steve

Colleagues, I understand that the federal government may be planning an FPT meeting for IGR deputies to discuss the implementation of the Emergencies Act. I don't know if it will include public safety reps or not. Either way, it would be good for me to know of any issues or concerns Alberta would like to register with respect to the use of this Act.

Please let me know, or have your staff provide input to Mary McDonald. I'll let you know when the meeting is confirmed, but since it could happen quickly I wanted to gather the input now. Thanks in advance.

Coleen
